

Doulas and Nighttime Newborn Care

The term **Doula** refers to a trained professional employed to provide support and guidance to parents and newborns throughout the birth and post-partum period.

These listings are provided as a convenience for our patients and their families. This list is not comprehensive; there may be other local options. **Mass General Hospital does not endorse any non-Mass General affiliated providers.**

The following agencies can assist with matching and hiring a doula for your family's needs. There are also many independent doulas not included in the following list, who you can find through an internet search of doulas in your area.
