

A Better City Transportation Management Association (ABC TMA)

ABC TMA is an independent, consensus oriented, nonprofit organization made up of employers, retailers, business owners, public sector representatives and others working together to address employee transportation issues and improve air quality and traffic in the downtown and Back Bay areas of Boston.

The ABC TMA was established in 1996, by the Artery Business Committee in partnership with the Central Artery/Tunnel (CA/T) project and the City of Boston in order to address employer concerns about getting employees, clients, and visitors into Boston during the peak construction of the CA/T (the Big Dig).

The ABC TMA includes employers who represent a variety of industries including finance, medicine, property management, telecommunications, printing, insurance and law. The TMA currently services over 65,000 employees and covers over 32.5 million square feet of office development in downtown Boston and the Back Bay.

To encourage the use of alternatives the ABC TMA provides incentives and programs that encourage employees to take transit, carpool, vanpool, bike and walk into work. By doing this, the ABC TMA is able to lower the cost of these commute modes and make them fun and rewarding to use.

The benefits affect us all, with less traffic and cleaner air.

MGH Commuter Services

ABC TMA Programs

Your ABC TMA membership provides your building tenants and company employees with benefits that help commuters move towards car/ vanpooling, public transit and active commuting (bicycling/ walking). ABC TMA offers six commuting programs that are designed to enable members to meet the Massachusetts DEP Rideshare Regulations as well as the City of Boston's Transportation Access Plan Agreements.

Ride Matching

ABC TMA encourages the membership to take advantage of NuRide; a secure and easy ridematching system assisting commuters in finding carpool partners. What we especially like about the NuRide system is its usability and the fact that it is FREE!

Guaranteed Ride Home

Your FREE ride home in the event of unscheduled over time or an emergency/ illness for yourself or someone you might care for. All rides provided by the PlanetTran, the nations first hybrid, chauffeured car service!

Workout to Work

How about two daily workouts a day? Incorporate active commuting (walking/ bicycling) into work trips and you could be eligible to win great commuter prizes each month!

Express Yourself

If you currently drive alone to work and are thinking about the MBTA Commuter Boats, MBTA Express busses or a private bus carrier, we will provide cash incentives to try out these transit modes.

Fill 'Er Up

No need to drive alone to work! Share the ride by forming a carpool and we will provide cash incentives to add commuters to your (formerly) single occupancy trip!

Vanpool Subsidy

Want to ditch not only driving alone, but driving all together when it comes to work commuting? Join a vanpool and we will provide cash incentives while you try out your new commute!
